

How to make...

A Button-tastic Bookmark!

STITCH: Straight stitch **or** blanket stitch

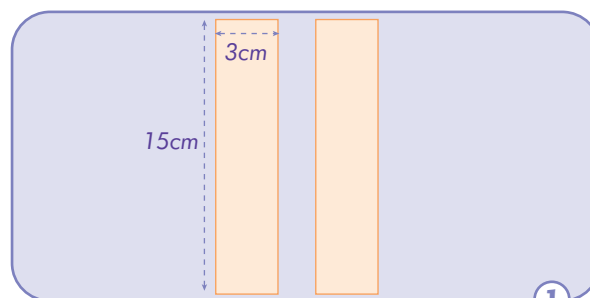

SKILLS: Pinning; sewing on buttons

MATERIALS: Strips of felt; buttons

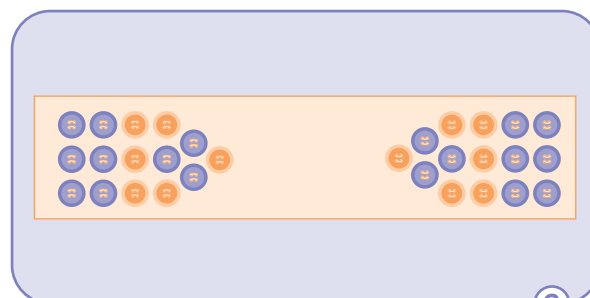

STEP 1

Cut 2 matching strips of felt. 3cm x 15cm is a good size.

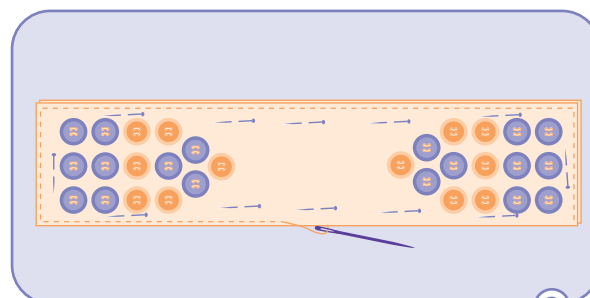

STEP 2

On **ONE** piece of felt, sew on all your buttons, one straight after the other. Don't worry about messy thread on the back of the felt — it will soon be hidden.

STEP 3

Pin both layers of felt together and sew all around the edge of your bookmark.

STEP 4

You can also use **blanket stitch** around the edge of your bookmark if you like!
